

TCS RotorOne 250 rotor casting cell IA2563, used

manufacturer : TCS Molding Systems

Product number:
IA2563

Description

Rotor casting cell

Manufacturer TCS Molding Systems

Model RotorOne 250

Year of Manufacture 2001

Comments

Technical data

Characteristics of the system:

- Max. clamping force 24 T (settable)
- Max. press-in force 12 T (settable)
- Filling chamber, (standard) 70 mm
- Max. Pouring weight w. St-fill ca. 0.8 kg/Al
- Press-in speed (without Al) 0.8 m/s

Accessories

- aluminium dosing device
- Marconi R130 B melting and holding furnaces

Delivery time

immediately

Price

on request
