Foseco FDU+MTS degassing unit ZU2274, used

manufacturer : Foseco

Product number:
ZU2274

Description

For Sale: Foseco FDU + MTS Degassing Unit (Aluminium) – Year 2020

We are offering a well-maintained Foseco FDU + MTS degassing unit designed for efficient aluminium melt treatment. Built in 2020, this system ensures high-quality metal cleanliness and consistent degassing performance, making it an excellent choice for foundries and aluminium processing operations.

Model: FDU + MTS

- Year of manufacture: 2020
- Application: Aluminium melt degassing and treatment
- Reliable rotor-based degassing technology
- Integrated Metal Treatment System (MTS) for optimized flux injection
- Designed for improved hydrogen removal and inclusion reduction
- User-friendly operation and robust construction

Condition:
The unit is in good working condition, regularly maintained, and ready for immediate use. It has been operated in a professional industrial environment and handled according to manufacturer guidelines.

Benefits:

- Enhances aluminium quality and mechanical properties
- Reduces scrap rates and improves casting results
- Efficient and cost-effective melt treatment solution
