Gildemeister CTX 520 Linear CNC lathe BA2401, used

manufacturer : Gildemeister

Product number:
BA2401

Description

Used Gildemeister CTX 520 Linear CNC lathe for Sale – 2008

Are you looking to expand your workshop's capabilities with a robust, high-performance CNC lathe? We are offering a reliable Gildemeister CTX 520 in great working condition. Built for precision and heavy-duty machining, this machine is ready to integrate directly into your production line.

Key Technical Specifications

- Machine Model: Gildemeister CTX 520
- Control System: Heidenhain EP90 (known for reliability and user-friendly programming)
- Tool Magazine: 12-position tool turret (VDI 50 interface for heavy clamping stability)
- Tailstock: None (Tailstock-free configuration, optimized for specific chuck operations and rapid part handling)
- Powered Tools: Equipped with powered tool capability (driven tools) for milling and drilling operations in a single setup.

Why Choose the Gildemeister CTX 520?

- Rigid VDI 50 Turret: Ensures high rigidity, excellent vibration damping, and fast tool change times.
