KUKA KR30-3 robot HR1846, used

manufacturer : KUKA

Product number:
HR1846

Description

KUKA KR30-3 robot – Reliable industrial robotics for maximum precision

Created on 09.11.2026
Subject to changes in the technical description and prior sale.

Are you looking for a high-performance and precise automation solution for your production? We are offering a second-hand KUKA KR30-3 manufactured in 2020. This model combines tried-and-tested KUKA quality with excellent performance specifications and is ready for immediate use in demanding handling, machining or assembly applications.

Your benefits at a glance:

- Excellent condition: Manufactured in 2020 – modern technology with low operating hours.
- Maximum precision: Thanks to a repeatability of just 0.06 mm, it is ideal for high-precision processes.
- Reliable control system: Equipped with the tried-and-tested KR C4 control system for easy integration into existing equipment.

Technical specifications	
Rated payload	30 kg
Maximum reach	2233 mm
Number of axes	6
Mounting position	Floor
Position repeatability (ISO 9283)	±0.06 mm
Controller	KUKA KR C4
Protection class	IP64 (central hand: IP65)
Ambient temperature (operation)	10 °C to 55 °C

Applications

The KR30-3 is a true all-rounder in industrial automation. Whether for handling, loading and unloading machines, palletising or process-integrated applications – with its payload of 30 kg and a long reach of over 2.2 metres, it handles a wide variety of tasks efficiently and reliably.

Do you have any questions about the condition or availability, or would you like a personalised quote? We are pleased to contact you directly!
