

Karl Roll cleaning system ZU2150, used

manufacturer : Karl Roll

Product number:
ZU2150

Description

Cleaning system

Manufacturer	Karl Roll
Type	RUT 067-048-030-04
Year	2015
Comments	

Technical data

Control system	S7-300
Connected load	123 KW / 212 A
Mains voltage	400 V
Length with roller conveyor	approx. 18 m
Width	approx. 5 m
Height	approx. 4 m
Batch weight	max. 120 kg

System components

- Machine housing with maintenance doors
- Base tray leak-tested as a tight collection tray according to DIN 54152
- Transport of goods with lifting and moving device
- Drum device for turning or swivelling the product baskets
- Cleaning and rinsing container
- Ultrasonic device to support the cleaning effect
- Oil separator
- Pumping and emptying device
- System extraction
- Water inlet
- Weekly timer for automatic regulation of heating and extraction
- Vacuum drying device
- Machine control
- Control cabinet

Equipment

Loading and unloading equipment consisting of:

- Feed roller conveyor with buffer space
- Basket transport
- Discharge roller conveyor with buffer space

Delivery time

immediately
