

## Maus drilling- and turning center for aluminium wheels line 6, used

**manufacturer :** Maus

**Product number:**  
 BA2332

### Description

Machining center	Drilling- and vertical turning center
<b>Manufacturer</b>	Maus
<b>Control system</b>	Siemens CNC 840D powerline
<b>Year of manufacture</b>	2004
	Linie Nr. 6
<b>Field of application</b>	complete dry machining of aluminium
	wheels up to 22,5"

Drillingmachine	
Model	MDC 502 PW2
Design	double-spindle

<b>Verticale tuning center</b>	
Model	MTV P 508 EW
Design	double-spindle

<b>Automation</b>	
Description	Automatical transport of wheels from
	drilling to turning incl. loading
	and unloading
Model	M 3000 OC

<b>Camera detection</b>	
Manufacturer	Ziehmann and Urban
Description	
Delivery time	immediately
Price	on request

Subject to alterations and prior sale.
