

Kurtz AK01 Tilttable Gravity Casting Machine, used

manufacturer : Kurtz

Product number:
KG1402

Description

Tilttable gravity casting machine	
Manufacturer	Kurtz
Model	AK01
Year of manufacture	2008
Control system	Siemens Simatic Multi Panel
Accessories	Hydraulic aggregaet Rötzer Hydraulik
	container volume 400 l
Technical data	
Plates:	
Fix plate / height adjustable	800 x 1000 mm / 120 mm

Moveable plate / height adjustable	800 x 1000 mm / 120 mm
Core pull	2 x Dm 50 mm, Hub 150 mm
Weights:	
Total without gravity die	4000 kg
Body	1500 kg
Locking unit with core pull	1000 kg
Fixe side	500 kg
Hydraulic aggregate	800 kg
Panel	200 kg
Dimensions:	
Length - normal position	3100 mm
Length - tilting position 89°	3500 mm
Height - normal position	1400 mm
Height - tilting position 89°	3200 mm
Width - depends of width of die	2400 mm
Recommended space with safety	4500 x 4000 x 3200 mm
max. tilting range	89°
Delivery time	imediately
Price	on request

Subject to alterations and prior sale.
