

PSG 400 E Pneumatic Spraying Unit with limit switch

manufacturer : partnership

Product number:
 PS5010

Description

| Pneumatic Spraying Unit | |
|----------------------------------|--------------------------------------|
| | for hot chamber die casting machines |
| Model | PSG 400 E |
| Drive | vertical pneumatic drive unit |
| Stroke | 400mm |
| Spray system | 1 spray circuit for lubricant |
| | 1 blow circuit |
| Position sensor | with limit switch |
| Scale of delivery | including 5m connecting cable |
| | connector for die casting machine |
| | manual |
| Adapted for die casting machines | from 200kN to 500kN locking force |
| Description | |

The PSG automated spraying system contributes an essential part in order to ensure constant production conditions for hot chamber die casting machines.

Advantages:

- Robust, die casting suitable construction
- Highest die casting quality due to optimal formation of a release agent film
- Operation and setting wire available machine control system
- Made in Germany

Options:

- High adjustable stativ with swivel joint
- Separate spraying unit control system
