

PSG 400 D Pneumatic Spraying Unit with rotary encoder

**manufacturer :** partnership**Product number:**

PS5015

Description

Pneumatic Spraying Unit	for <u>hot chamber die casting</u> machines
Model	PSG 400 D
Drive	vertical pneumatic drive unit
Stroke	400mm
Spray system	1 spray circuit for lubricant
	1 blow circuit
Position sensor	with rotary encoder
Scale of delivery	including 5m connecting cable
	connector for <u>die casting</u> machine
	manual
Adapted for <u>die casting</u> machines	from 200kN to 500kN locking force
Description	The PSG automated spraying system contributes an essential part in order to ensure constant production conditions for <u>hot chamber die casting</u> machines.

Advantages:

- Robust, die casting suitable construction
- Highest die casting quality due to optimal formation of a release agent film
- Operation and setting wire available machine control system
- Made in Germany

Options:

- High adjustable stativ with swivel joint
- Separate spraying unit control system
